

Haircut

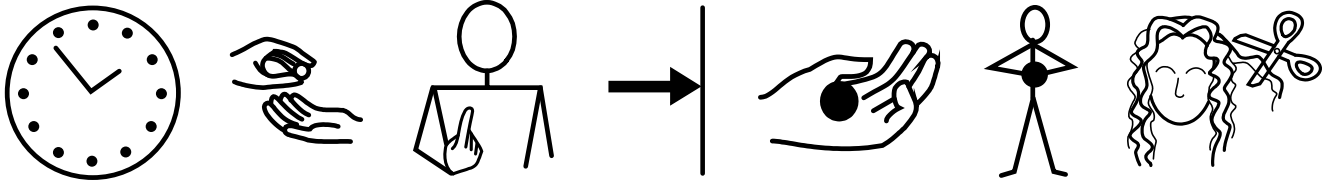

story

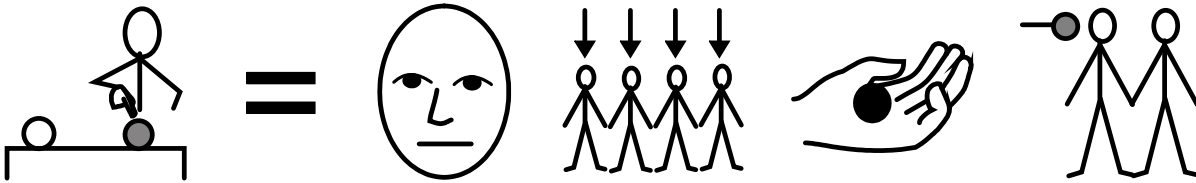

My family have decided that it is

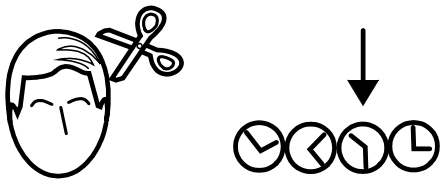

time for me to have my hair cut.

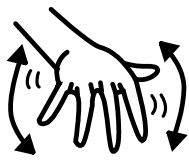

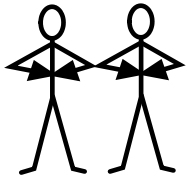

This is ok. Everyone has their

haircut sometimes.

We could go to a hairdresser, barber

or

someone

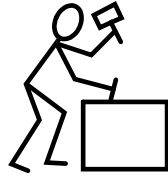

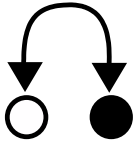

could

do

it

at

my house.

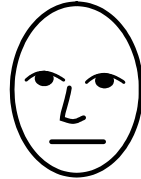

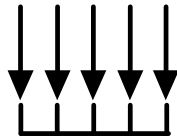

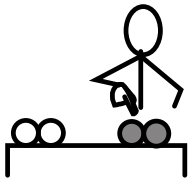

These

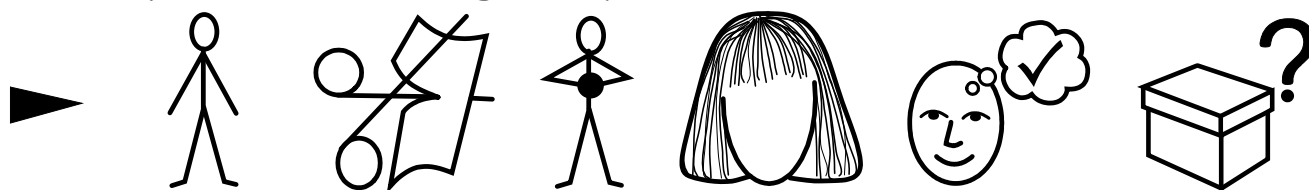

are

all

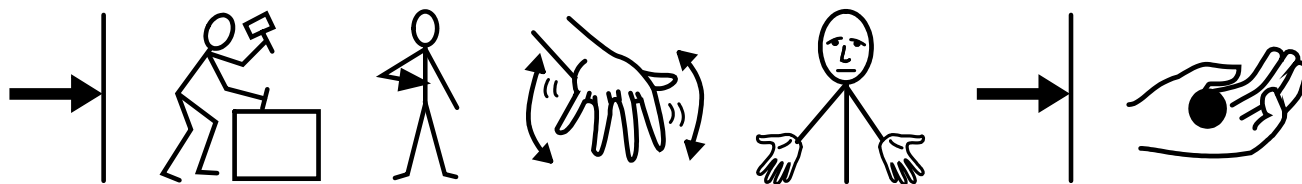

ok.

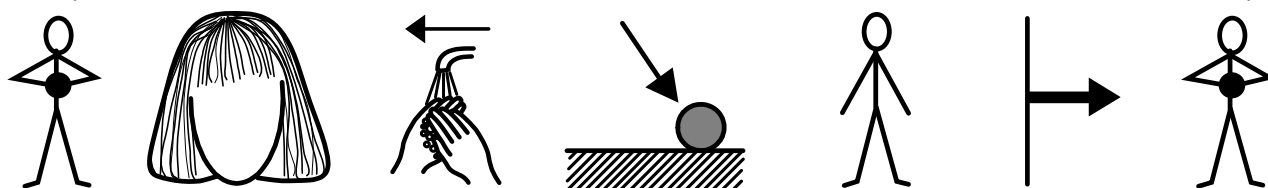

The person cutting my hair knows what

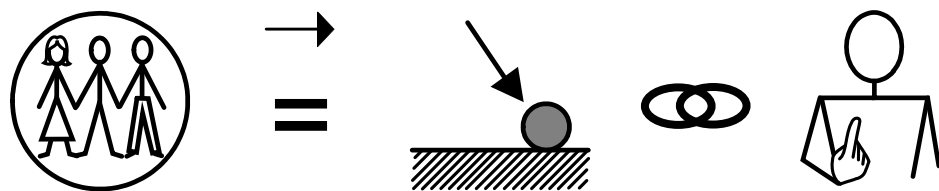

to do. I could need to have

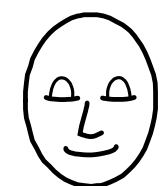

my hair washed there. Someone from my

family will be there with me.

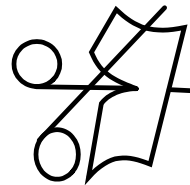

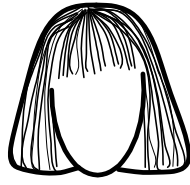

I will need to sit in a
 special chair for my hair to be
 cut. The chair could move up and down
 to help the hairdresser. I can help
 if I try to sit still and

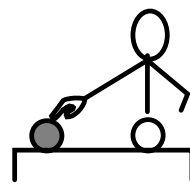

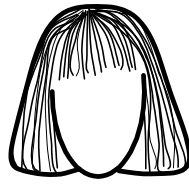

be calm .

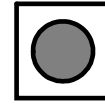

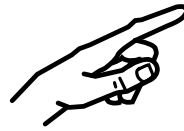

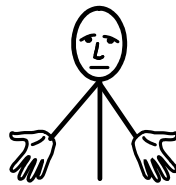

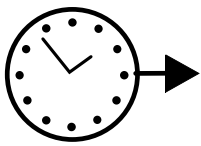

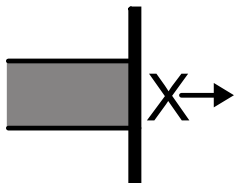

When my hair is being cut I

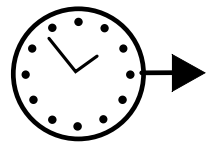

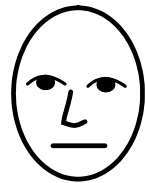

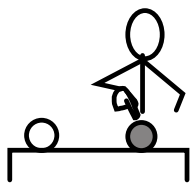

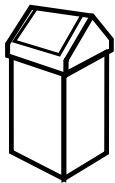

will be safe. The hair that is

cut off will need to go in the

bin. This is ok. My hair will

grow again.
