

What

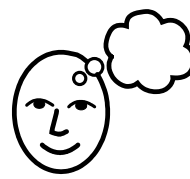

does

it

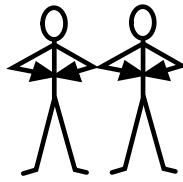

mean

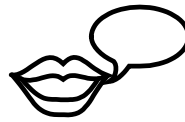

when

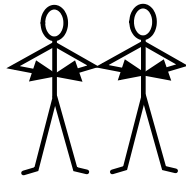

we

say

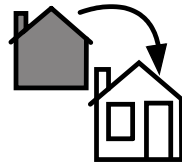

we

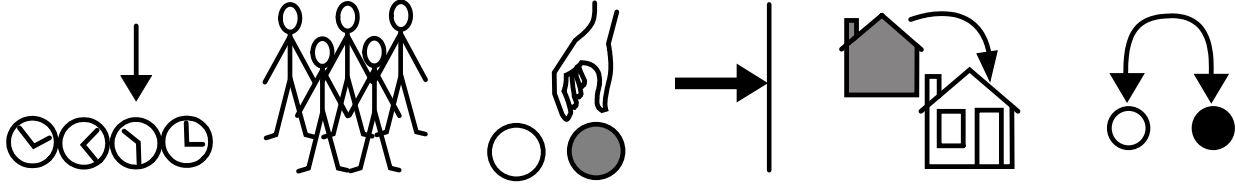

are

moving house?

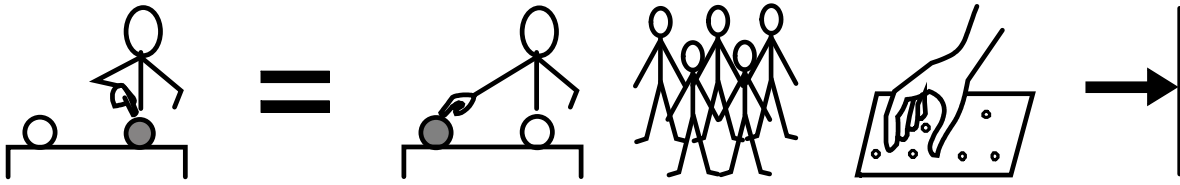

Sometimes people decide to move house or

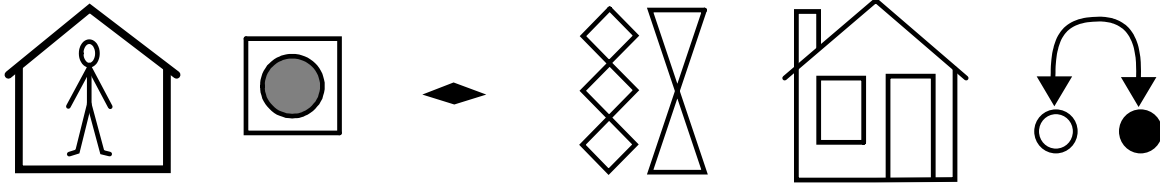

flat.

This means that people choose to

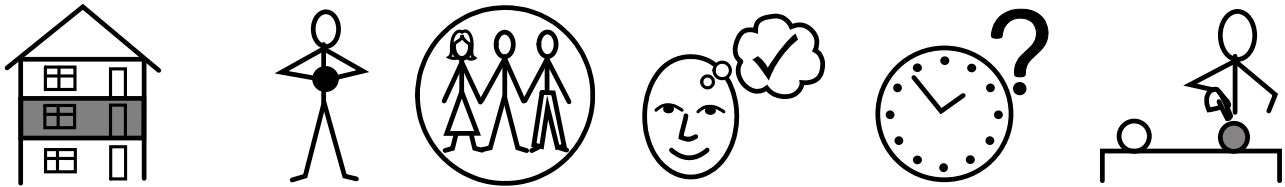

live in a different house or

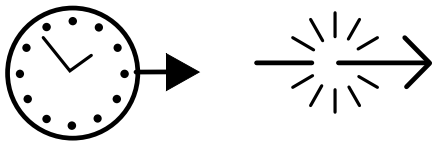

flat.

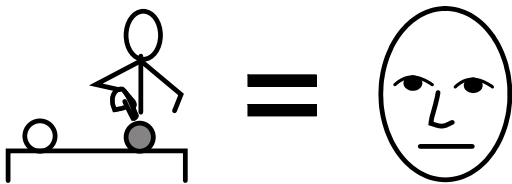

My family know when this

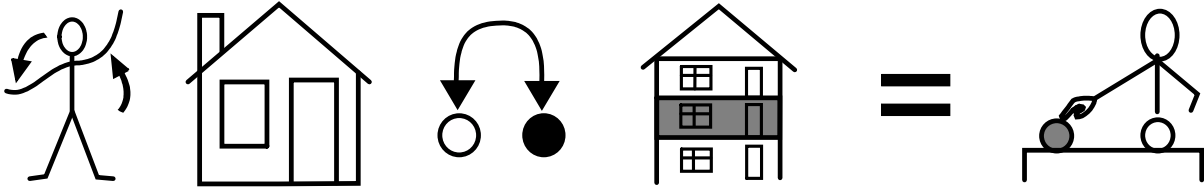

will happen.

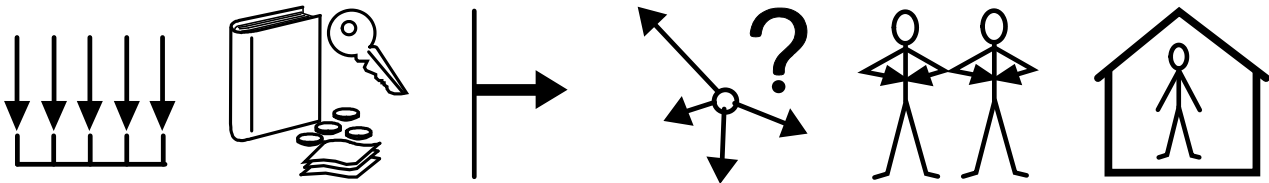

This is ok.

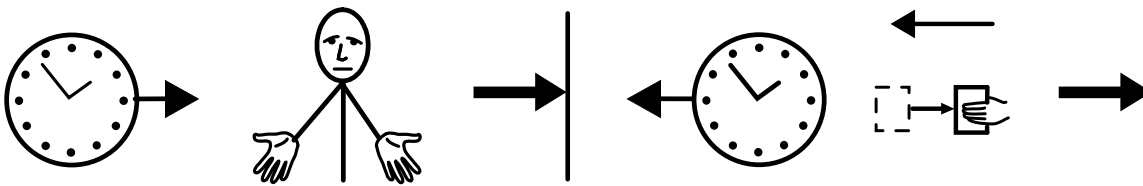

Moving house or flat means that

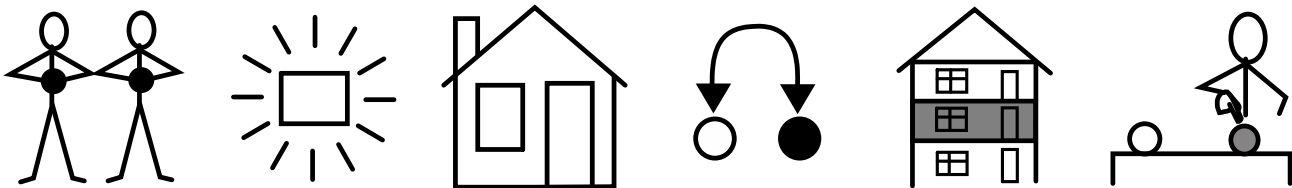

all of the things from where we live

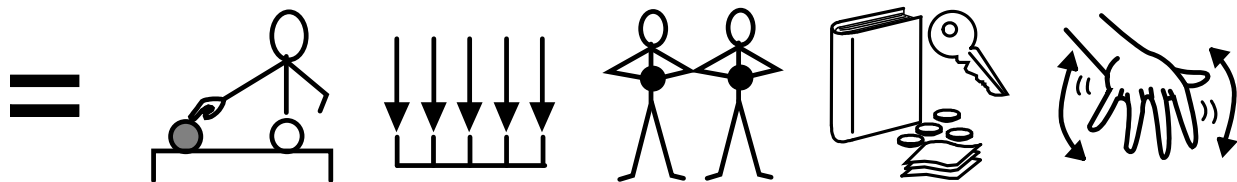

will need to be moved to

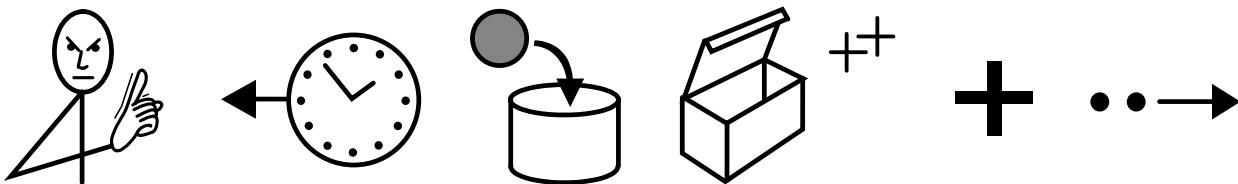

our new house or flat. This

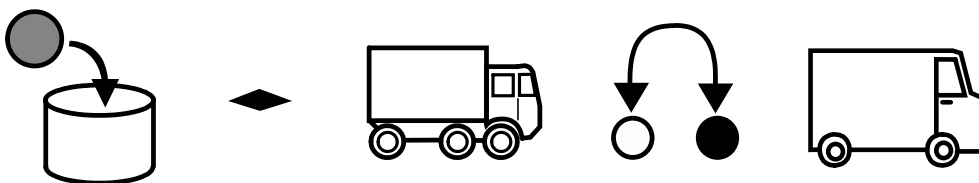

means that all of our things could

have to be put in boxes and then

put in a lorry or van.

Our

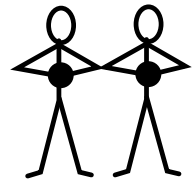

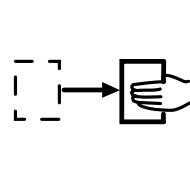

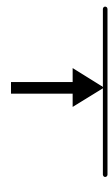

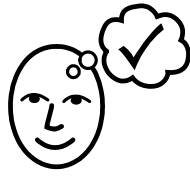

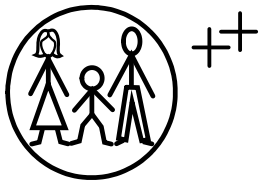

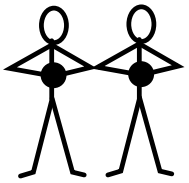

families

know how

to

move

our

things.

The

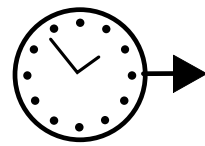

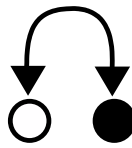

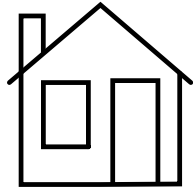

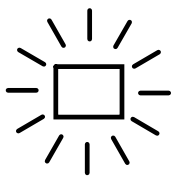

new

house

or

flat

will

have

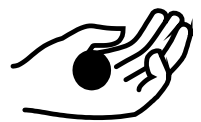

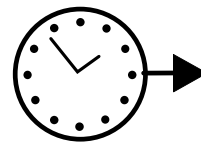

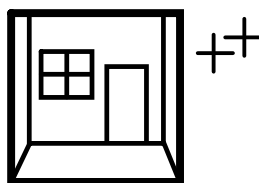

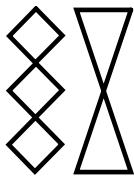

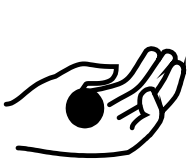

different

rooms.

I

will

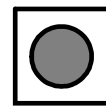

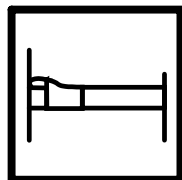

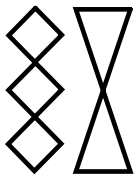

have

a different bedroom with

my things in

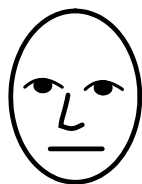

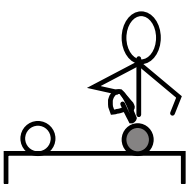

it.

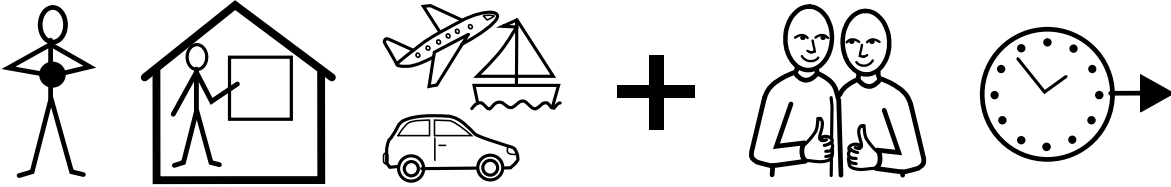

This

is

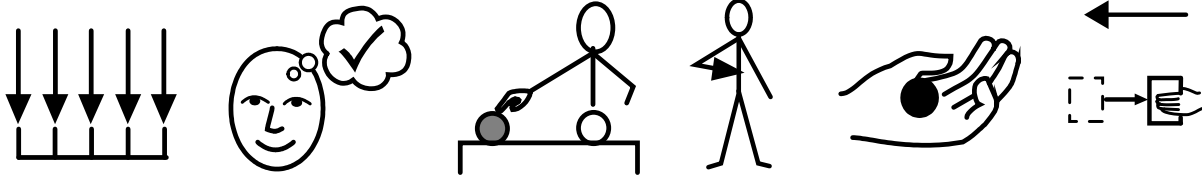

ok.

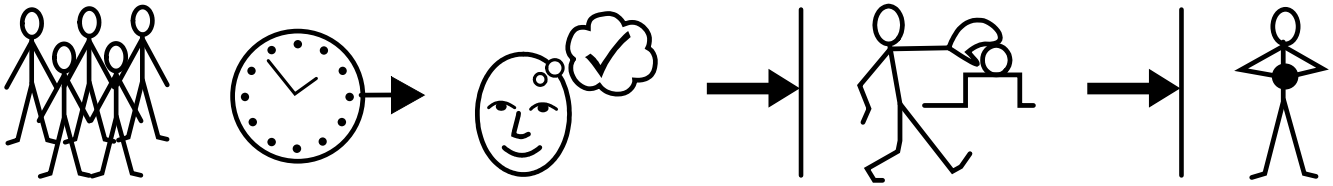

My school, transport and friends will

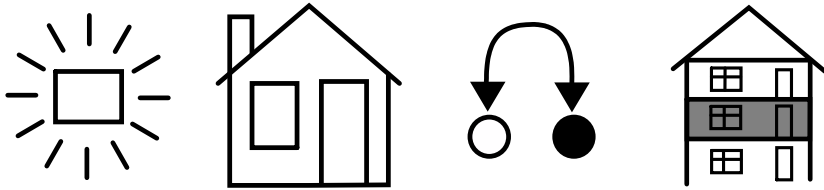

all know that I have moved.

People will know how to get to my

new house or flat.

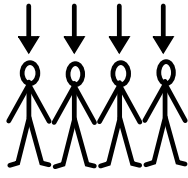

I can

help

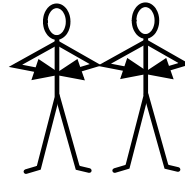

everyone

when

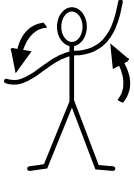

we

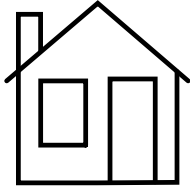

are

moving

house

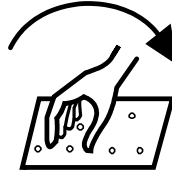

if

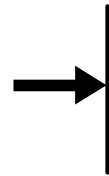

I

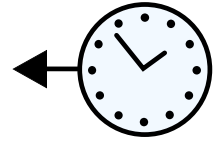

try

to

be

calm

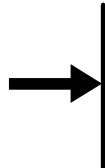

and

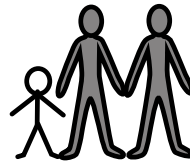

listen

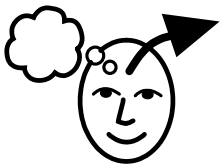

to

adults.

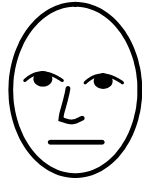

Remember, it

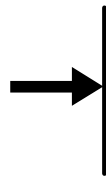

is

ok

to

move house.
