

## Woodfield School

**‘Sharing, Caring, Achieving Together’**

### **LANGUAGE PARTNER PATHWAY**

#### Language Partner Pathway

Language Partners are developing their symbolic understanding. They benefit from social interaction and symbol use with a trusted adult. Language Partners are learning to use single words and brief phrases to communicate with speech, signs or pictures. They have developed more sustained joint attention skills, and they are developing their symbol/language use. In our school, this is approximately 80% of our cohort.
