

We are the Enterprise Group and we are six students aged from 13 to 19. We focus on preparing for adulthood and our next step after school. All of our emphasis is on work related learning.

Between us we work in different parts of the school to increase our independence and confidence. We work in the Woodfield Coffee Shop, the Woodfield Charity Shop, we run the Young Enterprise company selling arts and crafts we have made, and also by running a staff lunch service. As part of Café Skills, we prepare breakfast sandwiches and host Pop-Up Café. We even work outside of school through the supported internship programme.

In our 'down time', we like singing in the school choir, keep fit sessions in class, listening to our favourite bands and both enjoying each other's company and our own.
