

Me and My Independent Life

We will be learning to be as independent as possible within the classroom environment. Students will be encouraged to be responsible for their belongings and to be as independent as possible in feeding and drinking. We will be extending our cooking skills, learning the techniques needed to make simple food and drink. Cleaning our hands and the environment will be given particular emphasis in the current circumstances.

Me and My Relationships

Relationships and sex education will be given a high priority. It all that we do we will be learning about respect for all. Knowing our bodies, and being able to make informed assertive choices will be our focus for this term.

**14-19
AUTUMN TERM 2020**

Me and My Future

Students learning will be accredited with AQA unit awards in preparation for moving on and life after Woodfield School. They will be encouraged to take an active part in preparation for their Annual Reviews. We continue to maintain links with our local colleges and hope that later in the year we will be able to reinstate college visits.

Me and My Community

We are currently unable to make use of the facility at Panshanger Woods, but we will be making the most of The Dell and the school allotment area for outdoor learning and gardening. We will be weeding, planting and growing and soon hope to have some colourful autumn and winter plants growing!

We continue to learn about different religions and cultures, exploring beliefs, art and food during our RE focus weeks.

How you can help at home

Give your son/daughter opportunities to help with tasks around the home, for example making a simple snack or drink; making cakes or biscuits; putting clothes away, washing up, putting the washing in, pairing socks. Helping with these tasks will help their skills and independence.

Ask your son/daughter to help with simple cleaning tasks e.g. wiping and setting the table for dinner, washing up, sweeping the floor or using the vacuum cleaner.

Visit places, go to the park, the woods, go for walks (many of the things you do already) encourage them to be as active as possible as it will help keep them healthy and they will learn through these experiences as well.

Encourage turn taking in simple games such as ball games, skittles, taking turns using the same equipment as others, e.g. iPads or Xbox.

Me and My Sport and Leisure

Students will be focussing on their physiotherapy programmes to help develop their mobility and physical development. We will be joining with Class 8 for PE with the Sports Coordinator each week.

Lunchtime clubs across bubbles are not available at the moment, but student will be supported to take part in a range of activities such as using the outdoor gym, watching films and playing games.

14-19 AUTUMN TERM 2020

After so long away from school, we are especially mindful everyone's wellbeing. We will be considering this in all we do and will be having a particular focus on this on Wednesdays

If you have any queries please do not hesitate to contact one of the class team. Thank you for your continued support ☺

Paul, Lorraine, Sam, Shirley, Beth & Jess

Me and My Functional Skills

In Axis we learn functional skills as part of everything we do throughout the week. First thing in the mornings we will be concentrating on tasks to build and consolidate numeracy and literacy skills.

We will be focusing on reading signs, symbols and words and experiencing different books.
